NOVEMBER 1980 Publications Received During September-October

BULLETIN OF THE MONTH

Selecting and Financing a Home
Home and Garden Bulletin No. 182

This slightly revised bulletin has been prepared primarily to help families make financial decisions about housing. Analyzing housing needs-deciding whether to rent or buy-and fitting housing expenses into family budgets are topics discussed. It also describes different types of mortgage loans, gives sources of mortgage loans, and suggests ways to hold down mortgage costs.

NOTE: Single copies of publications other than those listed FOR SALE ONLY may be obtained free as long as the supply permits from the Office of Governmental and Public Affairs, U.S. Department of Agriculture, Washington, D.C. 20250. Prices are given for the convenience of persons desiring to purchase these publications in quantities and for those who make frequent purchases of government publications. Remittances should be sent to the Superintendent of Documents, Government Printing Office, Washington, D.C. 20402, except as otherwise noted.

FARMERS' BULLETINS

Controlling Diseases of Raspberries and Blackberries. (F 2208) 17 p. $1.00.

This slightly revised bulletin describes the major diseases which may afflict raspberries and blackberries. It includes information both on cultural and chemical control of these diseases.

Identification and Control of Honey Bee Diseases. (F 2255) 18 p. $1.00.

This slightly revised bulletin describes the common bee diseases present throughout the United States, and offers recommendations for preventing and controlling the spread of these diseases. Special sections tell the reader how and where to send dead bees or diseased samples of the comb for diagnosis, and how to compare characteristics of various breed diseases of honey bees.

HOME AND GARDEN BULLETINS

Growing Azaleas and Rhododendrons. (G 71) 8 p. $1.00.

This revised publication informs the grower where these plants can best be grown; how to buy them; when to buy them; how to space them; prepare the soil; and how to water, fertilize, prune, and control insects and diseases.

Freezing Meat and Fish in the Home. (G 93) 23 p. 55¢.

This slight revision presents up-to-date information on home freezing of meat and fish in a concise illustrated form. Illustrations show how to cut and bone beef, pork, and lamb; how to clean and dress fish, and how to wrap these products for the freezer.

Vegetables in Family Meals: A Guide for Consumers. (G 105) 29 p. $1.75.

This slightly revised bulletin tells how to select, store, and use fresh, frozen, canned, and dried vegetables. It also includes simplified vegetable recipes for main dishes, soups, salads, and snacks.

How to buy Fresh Vegetables. (G 143) 23 p. 35¢.

This slight revision contains consumer information and handy tips on shopping, information on grades and a consumers guide to selecting individual vegetables.

Selecting and Financing a Home. (G 182) 23 p. $1.50.

SEE BULLETIN OF THE MONTH

Growing Vegetables in the Home Garden. (G 202) 49 p. $1.75.

This slightly revised publication describes the kinds of vegetables commonly grown in home gardens. This bulletin discusses soil preparation and planting, garden tools, and care of the garden. Also included is information on organic gardening, a list of State Agricultural Experiment Stations, and a list of Vegetable seed suppliers.

Insects on Trees and Shrubs Around the Home. (G 214) 51 p. $3.50.

This revised bulletin tells how to recognize and control the more common insects and mites that attack trees and shrubs in wide-spread areas of the United States. It also tells how to recognize beneficial insects.

Salt Injury to Ornamental Shrubs and Ground Covers. (G 231) 10 p. $1.75.

This bulletin tells how to recognize and treat salt injury to ornamental shrubs and ground covers. Among the factors contributing to injurious concentrations of salts are repeated light watering, poor drainage, excessive fertilizer, and a high water table. Frost, heat, smog, and drought can also weaken a plant and make it less able to withstand the detrimental effects presented along with suggested measures for salinity control.

LEAFLETS

The Hassle-Free Guide to a Better Diet. (L 567) Folder.

This guide tells you the kinds and amounts of foods that make up a nutritious diet, and it divides commonly eaten foods into five groups according to the nutritional contribution they make.
